Prerequisites with concurrency

AV 110, AV 222A, AV 222B, AV 222C (or Private Pilot Certificate), AV 210, AV 222D, AV 222E (or Instrument Certificate), AV 220, AV 222F, AV 222G (or Commercial Pilot Certificate), AV 250, AV 222I, AV 222J (or Certified Flight Instructor/Instrument Instructor Pilot Certificates), AV 222H, and instructor approval based on proof of valid Second Class (or higher) Medical Certificate.

Course Description

Develops and assesses multi engine flight skills. Emphasizes engine failure, multi-engine aerodynamics, minimum controllable airspeed, propeller feathering, V-speeds, and flight planning, decision-making, human factors and crew resource management. Includes compliance with Federal Aviation Administration flight hour and certification requirements.

Course learning outcomes

1. Perform multi-engine instructor pilot flight maneuvers as defined by the Federal Aviation Administration Airplane Airman Certification Standards to a multi-engine flight instructor pilot standard.
2. Teach ground training and practical flight training.
3. Apply aeronautical decision-making skills (risk management, situational awareness, and single pilot resource management) to real-time flight scenarios.

Content outline

1. Flight maneuvers
2. Systems operation
3. Communications
4. Performance and limitations
5. Regulations

[Please see the entrance requirements in the program catalog page for associated course costs.](#)

Required materials

1. Aviators headset
2. Navigation kit
3. Federal Aviation Regulations and Aeronautical Information Manual
4. Federal Aviation Administration Multi-Engine Instructor Pilot Airplane Airman Certification Standards
