Course Description

Provides overviews of the dynamic ideologies, political policies, economics, geography, social structures, mass media presentations, and arts and literature, since the formation of the People's Republic of China in 1949 to the present. No background in Chinese languages is required.

Course learning outcomes

1. Identify a variety of Chinese practices, values, and beliefs and their cultural and historical origins.
2. Describe the primary cultural challenges faced by contemporary China.
3. Examine critically contemporary issues in China using multidisciplinary approaches.
4. Analyze the cultural dynamics of contemporary China in a global context, articulating how personal views have evolved.
