## Recommended preparation

FIRE 114.

## Course Description

Provides fundamental knowledge relating to the field of fire prevention.

Topics include: history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. This course is a FESHE core requirement and is equivalent to NFA C0286.

## Course learning outcomes

The following learning outcomes are those of the National Fire Academy (NFA).

1. Identify laws, codes, ordinances, and regulations as they relate to fire prevention.
2. Explain code enforcement as it impacts life and property loss.
3. Describe the history and philosophy of fire prevention.
