Course Description

Builds aural acuity through drill and practice in ear training, sight singing and dictation. Computer based exercises and tests are an important part of the work.

Course learning outcomes

1. Hear and name pitches in a given key based on the "movable do" system.
2. Dictate melodies as played (at the appropriate class level).
3. Dictate rhythms as played (at the appropriate class level).
4. Write harmonic progressions as played (at the appropriate class level).
5. Play simple keyboard exercises and sing the melody above simultaneously.
6. Perform rhythmic exercises, (at the appropriate class level).
7. Sing melodic exercises, (at the appropriate class level).
8. Complete two-voice melodic dictation.
