Introduction

Central Oregon Community College, the oldest two-year college in Oregon, provides comprehensive college services to the residents of its 10,000-square-mile district.

COCC offers two-year associate degrees, transfer/lower division programs, career and technical education degrees and certificates, developmental courses, continuing education and community learning classes, industry-specific training programs, and business management assistance.

The College's main campus is located on the western edge of Bend, a city known for its natural beauty and its proximity to diverse recreational opportunities. The location affords spectacular views of the mountains from nearly every point on the 201-acre campus. The Redmond Campus, located 20 miles north on 25 acres near the Redmond Municipal Airport, offers all of the courses necessary to earn an associate degree. In addition, it is the home of the Manufacturing and Applied Technology Center.

Thanks to a successful 2009 bond measure, COCC is constructing campus facilities in Madras and Prineville, plus adding health careers and science buildings in Bend and a technology center in Redmond.

A branch of Oregon State University was opened on the Bend campus in fall 2001. OSU-Cascades offers 12 accredited undergraduate majors with 25 minors and degree options plus three graduate degree options.

Board Members

A seven-member board of directors governs the College, with members of that board elected from geographic zones in its 10,000-square-mile District.

DONALD V. REEDER (Zone 1)

Madras, term expires 2013

JOYCE LYNN GARRETT (Zone 2)

Prineville, term expires 2013

Bend, term expires 2013

CONNIE LEE (Zone 5)

Bend, term expires 2011

CHARLEY MILLER (Zone 6)

Bend, term expires 2011

JOHN OVERBAY (Zone 7)

Sunriver, term expires 2011

Board Mission, Vision and Goals

Mission

Central Oregon Community College will be a leader in regionally and globally responsive adult, lifelong, postsecondary education for Central Oregon.

Vision Statement

Because of COCC, Central Oregonians will...

- be a districtwide community that holds and promotes lifelong postsecondary education and ongoing professional growth and personal development for adults as values;
- be able to connect actively with other communities, the state, the nation and the world in order to attain both locally strong and globally responsible perspectives;
- view education as integral to a sense of well-being, security and responsibility; and
- look to COCC to lead the region in the achievement of these ends.

Ends Statements/Goals

Because of COCC, the community will...

- have an adult population with the proficiencies and learning skills necessary for lifelong employment at or above a family-wage level;
- have an adult population with academic achievements and learning skills necessary to successfully pursue education at and beyond the community college level;
- work collaboratively to achieve shared purposes;
- have wide-ranging opportunities to enhance learning, wellness, quality of life, and cultural appreciation;
- support diversity; and interact effectively with state, regional, national and global communities.

Core Themes

As stated in the COCC Vision Concept Paper, the College is dedicated to “serving students by providing opportunities for individual learners to grow. The College will continue its primary focus on serving adult learners in its traditional community college programs: associate degree and transfer programs; applied degrees and certificates; adult basic and developmental education; and a wide range of community education offerings.”

In accordance with these considerations, the Board adopted four core themes at the 2010 Board Retreat. These themes manifest the essential elements of COCC’s mission as articulated in the Board Goals. The core themes are:

Transfer and Articulation

Courses and programs paralleling the freshman and sophomore courses of colleges and universities for those who seek to transfer and then earn a baccalaureate degree.

Workforce Development

Career and Technical Education (CTE)

One- and two-year professional training programs for those who seek certificates or degrees that lead to employment in business, industry, the trades or government service as technicians or skilled workers.

Business, Professional and Employee Development

Noncredit business classes, resources, workshops and information to help individuals and businesses succeed.

Basic Skills

Several academic departments and the College's Adult Basic Education program offer courses that prepare students for college-level classes that will count toward degree completion and are transferable to other institutions. These classes are frequently available online or in classrooms on the Bend and Redmond campuses or other sites throughout Central Oregon.

Lifelong Learning

Noncredit learning opportunities at times and places convenient to adult students, using traditional and nontraditional instructional techniques. Course topics range from computers to cooking and language instruction to gardening and other outdoor activities.

Frederick H. Boyle, 1967-1990

Robert L. Barber, 1990-2004

James E. Middleton, 2004-present

COCC President

Dr. James E. Middleton

Dr. James E. Middleton

Dr. James E. Middleton is in his seventh year as president of COCC.

In that time, he has overseen the College during a period of unprecedented growth—an increase of 80 percent in three years in student credit enrollment; helped present to the community a bond measure approved in 2009 that will result in \$54 million for construction of five buildings throughout the COCC District; and shepherded the successful \$3 million fund-raising campaign for a new culinary arts facility. He has worked to forge closer relationships with educational partners in the region, resulting in significant increases in the number of college courses available to high school students, and a strengthened partnership with OSU-Cascades, the state's first branch campus.

Previously, Middleton served as president of the College of Marin in California (1993 to 2003) and was a visiting scholar at the Community College Leadership Development Initiatives at Claremont Graduate University in California. Prior to moving to Marin, he spent 11 years at Pennsylvania College of Technology in Williamsport, as a division director, dean and vice president.

Dr. Middleton holds five academic degrees including his doctorate from the University of Michigan.

COCC History

- 1949 COCC opens with four part-time faculty members conducting classes for 109 students during the evenings in the basement of Bend High School.
- 1954 On the fifth anniversary, the students recommend changing the name to Central Oregon College.
- 1955 College Foundation is formed.
- 1957 Don Pence is appointed the College's first president.
- 1962 Central Oregonians approve the 10,000-square-mile college district and later elect the first district board.
- 1962 The R.L. Coats family donates 140 acres on the west side of Awbrey Butte for the campus.
- 1964 Nearly 700 students and 35 full-time faculty members begin classes at the new campus.
- 1966 COCC is accredited and a new 16,000-square-foot library opens.
- 1967 After Dr. Pence resigns, Dr. Frederick Boyle is named president. The college becomes Central Oregon Community College.
- 1971 Ponderosa Hall, a vocational-technical center, and Mazama Gymnasium open.
- 1982 The Pinckney Center for the Arts, named for instructor and administrator, Orde Pinckney, is formally dedicated.
- 1984 The Small Business Development Center opens.
- 1990 The Central Oregon Consortium for Higher Education (COCHE) begins offering selected four-year degrees through Oregon colleges and universities on the COCC campus.

COCC History, continued

- 1990 After Dr. Boyle retires, Dr. Robert Barber is selected as the third president in the College's history
- 1994 The University Center opens, replacing COCHE.
- 1997 Redmond Campus opens.
- 1998 New 72,500-square-foot library opens. Original library converted to classrooms.
- 2001 The State Board of Higher Education selects Oregon State University to serve as the managing partner of the state's first branch campus.
Manufacturing and Technology Center opens at the Redmond Campus.
OSU-Cascades Campus opens.
- 2002 Cascades Hall opens, housing offices and classrooms of OSU-Cascades Campus.
- 2004 Dr. James Middleton becomes the fourth president in the College's history.
- 2009 The Campus Center, including performance venue Wille Hall, opens in April. COCC receives voter approval for a \$41.58-million bond measure to build five new facilities, ensuring eligibility for an additional \$11.47 million in state funding. Facilities include health careers and science buildings on the Bend campus, a technology education center on the Redmond Campus as well as facilities in Madras and Prineville.
- 2010 Five-classroom expansion of Mazama completed. Groundbreaking for the Jungers Culinary Center.

COCC Statistics

2009–10

- Total enrollment: 17,987 students, resulting in 6,387 FTE
- COCC credit classes enrolled 10,263 students.
- Continuing Education classes enrolled 8,209 students.
- The Small Business Development Center served 345 clients and provided 1,412 hours of business counseling.
- 412 students earned two-year associate degrees; 354 students earned certificates of completion.
- With the help of the Adult Basic Education department, 61 students earned their GEDs, 7 students earned their high school diplomas and 567 students attended English Language Learning classes.
- The COCC Foundation awarded more than \$750,000 in scholarships.
- In the College Now/Tech Prep high school articulation program, 532 high school students earned 2,179 credits, saving them \$136,874 in tuition.

Tuition and Fees (2010-11)

Tuition and fees for credit courses:

- \$25 one-time application fee
- \$70 per credit hour for in-district residents
- \$96 per credit hour for out-of-district residents
- \$195 per credit hour for out-of-state residents
- \$1.50 per credit (maximum \$21) student services fee
- \$2 per credit technology fee (\$20 maximum)
- 25¢ per credit green energy fee
- \$10 online course fee (online courses only)
- \$16 per term Mazama gymnasium user fee for those students not enrolled in an activity class; free for students enrolled in activity classes (\$63 for non-students)

Adult Basic Education department fees

- \$40 Adult Basic Education/GED prep basic skills
- \$20 English Language Learning classes
- \$20 GED practice test (Bend)
- \$100 per half credit high school completion

Facilities

The 201-acre main campus in Bend includes 21 buildings, incorporating more than 450,000 square feet. The 25-acre Redmond Campus encompasses three buildings, incorporating 51,500 square feet, including the Manufacturing and Applied Technology Center. The 38,000-square-foot Cascades Hall on the Bend campus opened in fall 2002. A 30,000-square-foot Campus Center, including a student dining facility and symphony practice hall, opened in August of 2009. Most College facilities are available for rent: 541.383.7780.

New Building Construction

Construction crews will be busy throughout 2011, with at least five major projects underway. Voters in the COCC District approved a bond measure in November 2009 for \$41.58 million for construction, and the state of Oregon has made available another \$11.47 million for these projects. One of the projects is a new health careers building, with construction to begin early this year. Housing the College's nursing, dental assisting, medical assisting, massage therapy and pharmacy technician programs, this building will provide modern lab spaces for these critical areas. Later this year, a new science building, adding labs, classrooms, faculty offices and other student learning spaces, will be under construction. The bond will also pay for buildings in Madras and Prineville—both expected to open in late 2011—to allow residents in Jefferson and Crook counties to have easier access to services and classes. Finally, a technology center will be constructed on the COCC Redmond Campus.

Facilities, continued

The Jungers Culinary Center is scheduled to open in September 2011. This state-of-the-art facility will have three kitchens, a demonstration theater and a 60-seat dining lab. Funds for this project are provided through the COCC Foundation's capital campaign, a state grant and money from the COCC Capital Project Fund. The Center will also be the anchor for the new Campus Village, a mixed development being created for COCC by William Smith Properties, Inc.

For more information:

<http://about.cocc.edu/construction>.

Computer Labs

Computer Labs are available to students and District residents.

- 40-station lab in the Barber Library
- 31-station lab in Pioneer Hall
- 24-station lab in Cascades Hall
- 20-station drop-in lab at the Redmond Campus

Student Housing

Juniper Hall, COCC's on-campus residence hall, houses 102 COCC and OSU-Cascades students. It is operated and managed through COCC's Office of Residence Life. The 2010-11 room and board package for double occupancy is \$7,920.

During the summer, Juniper Hall is rented to groups and conferences.

Call 541.383.7534 for more information.

Barber Library

The 72,500-square-foot Robert L. Barber Library is named for a former COCC president (1990-2004). It features wireless Internet access, public-access workstations, computer lab and a computer classroom. Students may check out laptops, digital cameras and other technology. There are other student services available in the library such as career advising and placement along with testing/tutoring.

Info: 541.383.7560

Barber Library features:

- Hundreds of thousands of full text research articles from nearly 200 scholarly electronic resources and databases—accessible via remote login 24/7 to all enrolled students.
- Access to more than 25 million items via the Orbis Cascades Alliance, a consortium of 36 Oregon and Washington academic libraries.
- Electronic document delivery available for items not held at COCC or Alliance.
- DVD collection and selective depository for federal documents.
- Group study rooms.
- In-house gallery featuring local and juried art exhibits.
- Scholar in Residence program.

Redmond Campus

A full range of educational opportunities is available at the COCC Redmond Campus, across from the Redmond Airport:

- Credit classes leading to a transfer degree
- Classes leading to an associate of applied science degree in business administration
- Foundational credit classes for most degrees and certificates
- Academic advising, placement testing, career and job search services, proctored exams, tutoring and financial aid information
- Small business advising
- Customized business training
- GED, basic skills, adult high school diploma and English language learning
- Dual credit—earn high school and college credits
- Short-term job skill training
- Self-enrichment classes

COCC's Manufacturing and Applied Technology Center (MATC) is a multi-industry training facility where students can learn technical skills at their own pace and on their own schedule with the help of the skilled and experienced staff. The center specializes in skill development for individuals seeking employment in manufacturing.

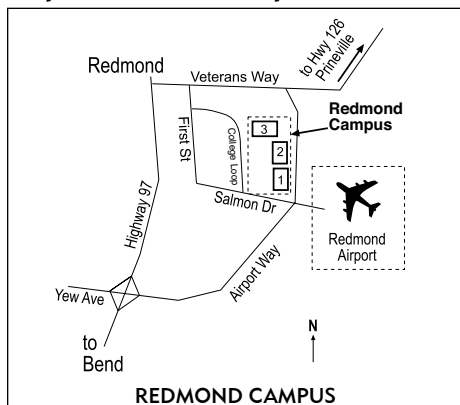

For information, call 541.504.2900 or drop by Building #3 of the MATC.

Adult Basic Education/ College Preparation

Through the Adult Basic Education/College Prep program, students can study to improve skills that will lead them to college credit programs. The program also offers instruction in GED preparation, high school completion and basic skills such as reading, writing and math in Bend, Redmond, Prineville, Madras, Warm Springs and La Pine. English Language Learning is offered in many sites. Through the ABE/CP program last year, 75 students obtained their GEDs or high school diplomas, and 567 students attended English-as-a-second-language classes. A total of 1,622 students were served.

The ABE/CP district office is located at the Redmond Campus. For information, call 541.504.2950.

Map to Redmond Campus

Programs of Study

COCC offers certificates of completion and five associate degrees: Associate of Applied Science, Associate of Arts, Associate of Science, Associate of Science – Direct Transfer to Oregon State University and Associate of General Studies.

Certificates of completion, which require one to four quarters to complete, prepare students for immediate employment or advancement in various fields. Certificate programs include

- Accounting
- Addictions Studies
- Apprenticeship
- Automotive Technology (eight areas)
- Computer and Information Systems
- Computer Aided Drafting (CAD)
- Criminal Justice
- Culinary
- Dental Assisting
- Dietary Manager
- Drafting
- Forestry
- Geographic Information Systems
- Health Information Technology (five areas)
- Juvenile Corrections
- Manufacturing Technology (four areas)
- Massage Therapy
- Medical Assistant
- Nursing
- Office Assistant
- Pharmacy Technician
- Retail Management
- Wildland Fire

The Associate of Applied Science (AAS) degree trains students in applied career technical skills that prepare the graduate for immediate employment in the field. AAS degree programs include

- Addictions Studies
- Apprenticeship
- Automotive Management
- Aviation

Programs of Study, continued

- Business Administration (includes emphasis in seven different areas)
- Computer Information Systems (includes emphasis in five different areas)
- Criminal Justice
- Culinary
- Early Childhood Education
- Emergency Medical Services
- Forestry
- Geographic Information Systems
- Health Information Technology
- Manufacturing Technology
- Massage Therapy
- Nursing
- Structural Fire Science
- Wildland Fire

Associate of Arts (AA) degree programs fit the needs of most students who intend to transfer. The AA degree meets AAOT (Associate of Arts, Oregon Transfer) lower-division general education requirements for all public Oregon universities and some private colleges. AA programs cover subject areas from anthropology to speech, and pre-majors such as pre-medicine, pre-dentistry and pre-veterinary.

The Associate of Science (AS) degree is individualized for transfer to a designated Oregon public university for a specified major, such as business, science, engineering or technology.

Associate of Science – Direct Transfer to Oregon State University – Cascades Campus (AS-DT) degree is designed for students who plan to transfer and receive a degree from Oregon State University – Cascades Campus.

The Associate of General Studies (AGS) degree provides an alternative to pursue a broad, general education and accomplish personal educational goals. It is not transferable as a whole, and does not meet certification requirements for any career and technical area.

High School Options

Central Oregon high school students can earn college credit by participating in any of these COCC programs:

Concurrent Enrollment

Take up to 11 credits through the concurrent enrollment program. Register for classes on the Bend or Redmond campus. To register for classes on the COCC campus, follow the "Getting Started" steps (visit <http://new.cocc.edu/Getting+Started>).

Dual Credit

Some Central Oregon high schools offer college-level general education as well as career and technical education classes in the high schools, taught by high school instructors exclusively for high school students. Tuition rates are \$15/credit for transfer courses and \$10/class for career and technical education courses. Contact your high school counselor for information on course options in your high school.

Expanded Options

High school juniors and seniors have the opportunity to take credit classes at COCC with no charge to them for tuition, fees, supplies and books (transportation to and from COCC not included). Students must sign up no later than March 1 to take advantage of this option for the following school year. Check with high school counselor or ASPIRE coordinator for more information on eligibility requirements.

Student Services

CAP Center (*Career services, Academic advising and Personal counseling*)

The CAP Center provides services to any enrolled COCC student to help them make the most of their time at COCC, and to prepare graduates for family-wage employment.

Info: 541.383.7200

Academic advising

New, degree-seeking students are assigned an academic adviser during their first term at COCC and meet regularly with their adviser to work on their educational plan, degree requirements, schedule planning, problem solving as well as graduation, transfer and career preparation.

Personal counseling

Counseling assists students who are faced with personal issues that impact their college performance. Services are provided by professional, licensed counselors in a confidential setting at no cost to enrolled students.

Career/Job Placement services

- free career-planning workshops
- credit course in career planning
- Web-based career exploration tools
- electronic career placement and temporary jobs bulletin board

Tutoring and Testing Center

Tutoring services are free to COCC students for the COCC courses in which they are currently enrolled. Tutoring is offered on both an individual and a group basis at the Bend and Redmond campuses. There are also tutor-led study groups for some key courses.

Info: 541.383.7539

Student Services, continued

The Testing Center's services are available to students (Bend and Redmond campuses) and community members (Bend campus only) needing academic, professional and standardized testing. For a current list of tests offered, visit tutortest.cocc.edu or call 541.383.7538.

Disability Services

The Office of Services for Students with Disabilities ensures equal access to COCC campuses and Community Learning Centers for students with qualifying, documented disabilities, as defined by federal legislation. To arrange for specific accommodations, call 541.383.7583 or visit the office in the Boyle Education Center.

Multicultural Center

The Center, located in Room 217 in the Campus Center Building, is open to the public, staffed daily and offers activities and information to foster cross-cultural understanding and communication. Info: 541.318.3787 or 541.383.7412

Native American Program

This program provides Native Americans with individualized help to achieve their educational goals. It is also involved in a variety of campus and community cultural events during the year. Info: 541.318.3787 or nativeamerican.cocc.edu

Programs for Latino Students

The Latino Program helps students along the road to a successful college career by offering relevant educational programs and cultural activities, providing advice and support, and connecting the Latino community.

Info: 541.318.3726 or latino.cocc.edu

Student Services, continued

Another program, the Oregon Leadership Institute, is a Latino mentoring program that reaches out to local middle and high school students to promote academic achievement.

Info: 541.318.3717 or oli@cocc.edu

Associated Students of COCC (Student Government)

ASCOCC provides students with numerous opportunities for governance, advocacy and social programming. There are six paid positions each year. Info: 541.383.7595 or ascocc.cocc.edu.

The Broadside Student Newspaper

The Broadside, a student-generated newspaper, offers students opportunities in reporting, writing, editing, design, layout and photojournalism and leadership through paid positions.

Info: 541.383.7252 or broadsidemail@cocc.edu

Club Sports/Intramural/Recreation Programs

These programs offer opportunities for competition, skill development, leadership and recreation. Clubs are organized by students with guidance from coaches, faculty and staff. Intramural activities feature friendly competition or are solely recreational.

Info: 541.383.7794 or sports.cocc.edu

Transportation

Free campus shuttle service circles the campus three times per hour. Maps are available at the Information Office or online at <http://campusservices.cocc.edu/shuttle>. The Bend Area Transit (BAT), includes two bus stops at COCC: the Barber Library and Boyle Education Center.

Info: www.bendareatransit.com

Articulation Agreements

As students move among various institutions, COCC has recognized the need to provide smoother transfer options for advanced degrees. As a result, the College has transfer agreements with several universities for specific majors and degrees.

- Operations Management

Southern Oregon University

- Early Childhood Development

Continuing Education

Community, Business and Professional Education

Central Oregon Community College's Continuing Education division provides skill-specific noncredit programs and services throughout the District. With a composite of services, COCC is able to efficiently offer expanded opportunities for noncredit instruction appropriate to businesses, professionals and individuals.

Small Business Development Center

COCC's Small Business Development Center (SBDC) supports business vitality through one-on-one business counseling, a yearlong Small Business Management program and practical, hands-on workshops. The SBDC continues to exceed goals in providing these business support services throughout the College District. Small Business Development Center services are available to anyone who owns or operates—or is considering starting—a small business. The businesses comprise a complete spectrum of business stages, from start-up to mature companies. For information, call 541.383.7290.

Business and Employee Development

Central Oregon Community College creates, coordinates and delivers quality employee development programs to public and private sector businesses. The training is high quality, cost effective and results oriented. It works with businesses on computer skills, supervisory and leadership training, Spanish in the workplace and specific trainings designed to fit industry needs.

Continuing Education, continued

Community Learning

Explore the possibilities with hundreds of noncredit classes for adults. Lifelong learning is based on the belief that people are learners at every age and are entitled to pursue educational opportunities meaningful to them.

From developing skills in a new hobby such as learning about digital cameras, taking a sushi cooking class or getting into shape with yoga or cycle cardio training to enhancing job skills or even developing a new career, COCC offers hundreds of noncredit classes through Community Learning.

For more information about Continuing Education, call 541.383.7270 or visit online, <http://noncredit.cocc.edu>.

Cultural Resources

COCC Foundation

The COCC Foundation is a separate, nonprofit corporation organized in 1955 to assist the College, its students and faculty through the development of private resources.

The Foundation provides this assistance by managing a variety of funding vehicles:

- Named endowed scholarships established in memory or honor of a donor
- Planned giving through the Heritage Society
- Raising funds through private and public partnerships

The 2010-11 COCC Foundation Scholarship Program provided financial assistance totaling more than \$750,000. A full scholarship for last year was \$2,500.

Students awarded scholarships or grants48%

Club Sports/ Intramural Sports

COCC Club Sports provide opportunities for intercollegiate and interclub competition, skill development, leadership and recreation. Clubs are organized by students with guidance from coaches. Students, faculty and staff may join existing clubs or form new ones. Current clubs include:

- Alpine Ski Racing
- Baseball
- Basketball
- Body Building
- Bowling
- Cycling
- Disc Golf
- Golf
- Martial Arts
- Nordic Skiing
- Running
- Snowboarding
- Soccer (indoor and outdoor)
- Swimming
- Volleyball

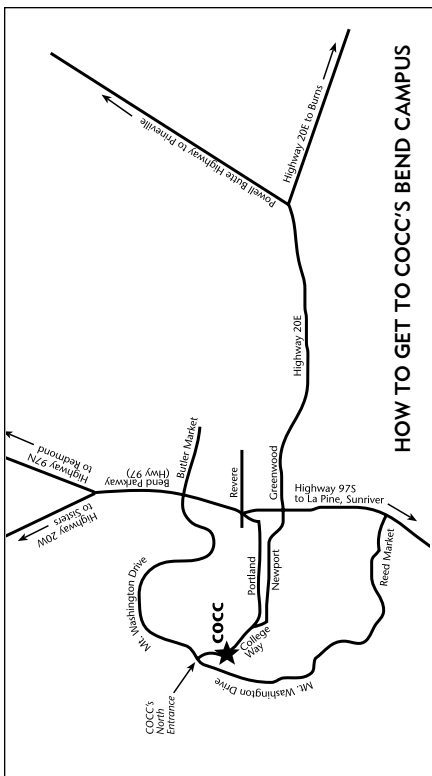

Organized intramural activities are available for all COCC students, faculty, staff and alumni. The emphasis is on having fun, making friends and staying fit. Some activities feature friendly competition while others are purely recreational.

Activities include:

- Basketball
- Bench Press Tournaments
- Cycling (recreational and races)
- Day Hikes
- Disc Golf Tournaments
- Flag Football
- Golf Tournaments
- Soccer (indoor and outdoor)
- Softball (co-ed)
- Special Running Events
- Swimming
- Table Tennis Tourney
- Tennis
- Ultimate Frisbee
- Volleyball
