

ASCOCC Meeting Minutes, 2/4/22

Attendees:

Darcy Hays, President
Nicole Sharp, Director of Student Affairs
Jeff Bowen, Director of Financial Affairs
Katie Beal, Director of Campus Affairs
Gillian Livingston, Internal Affairs Coordinator
Ryan Rhodes, Wickiup Liaison
Lindsay Buccafurni, ASCOCC Advisor

Staff Updates

Katie: Now Campus Affairs. Redmond waffle bar on Feb. 14th, with Darcy at 8:30. Working on Cookie bar for Prineville, Madras is going to be a Hot Chocolate bar. Working with Lindsay on Stress-Free Finals at other branch campuses.

Jeff: Working on bank reconciliation by Tuesday (2/8). Need to start tracking credit card for ASOCC. Lindsay will do the credit card recording and Jeff will do Checks.

Nicole: A few new clubs joining, master list of clubs in teams. Considering an event proposal form for faculty/staff to propose an event/program. Do we need to create a space in the budget? Pulling from other funds.

Ryan: Putting a suggestion box in wickiup for students

Gillian: Nothing to update on.

Darcy: Free Pastries and Coffee for students on Wednesdays... Potentially switching to Monday and Tuesday. Day old's from Big-O bagel, maybe pastries and other things from the store. Maybe reach out to the broadside and have them write a story. Letting Hillary know ASAP that we are still switching days. Maybe setting up a station in wickiup.

Lindsay: Submitting Tickets for all computers to be fixed, Computers in student center are old and dead. We could buy new ones but don't know when it would be here, and it is expensive. If we don't get new computers, we would have to share stations and stagger office hours.

Vote to get New Computers: 5 yea, 1 nay

Vaccination Clinic we were emailed about is at a standstill. Partnering with Deschutes County health, and because the diversity and inclusion clubs don't feel comfortable sponsoring the clinic, it is as a standstill. Student involvement is low, and if the club votes on that then they don't a few students to make the whole decision for all members. Don't want to drive coercion. If they do decide to go through, do we want to partner with them?

Vote for Vaccine Clinic (just in case they decide to go through with it): motioned to not sponsor but agree to help get the word out.

Agenda Items:

1. **Wickiup Charging Stations**

- a. Request for 2 charging stations, \$400 each. Seems kind of unnecessary, especially for wickiup lobby. Maybe do a home charging station? Tabled, have Ryan do some research, talk to residents, and talk to David before we make a decision.

2. **Decision on Purchasing Swag**

- a. Gray Crewnecks for us, classic, logo in the front
- b. ASCOCC stickers for students to give away, Sticker Mule
- c. Make solid designs and come back to vote on them.
